PROFILE SUMMARY

Results-driven Full Stack Developer with 4+ years of hands-on experience in Laravel and Vue.js, and 2 years in React.js and React Native. Proficient in building scalable, secure, and high-performance web and mobile applications. Proficient in RESTful API development, MySQL/MongoDB database management, and third-party integrations.

TECHNICAL SKILLS

Programming Languages: Laravel, PHP, OOP, JavaScript, TypeScript, SQL, C++, Backend
Front-End Development: Vue.js, React.js, Next.js, HTML5, CSS, SCSS, Tailwind CSS, Bootstrap, UI, Vuex, Vuetify, Redux, Router, Nuxt.js
Problem-Solving: Algorithmic Problem Solving, Debugging, Code Analysis, Testing, Agile, Scrum
Databases: MySQL, MongoDB
APIs: RESTful API Development, JWT Authentication, Google Maps API, Mapbox API, Instagram API, Microsoft SSO
Version Control: Git, GitHub, GitLab, Bitbucket
Development Tools: Postman, NPM, Composer, Webpack, Babel, PHPUnit, Chrome DevTools
Cloud Services & Deployment: Firebase, DigitalOcean, cPanel, Cloud Deployment
Project Management & Collaboration: Miro, Basecamp, Jira
IDE/Editor: PhpStorm, WebStorm

WORK EXPERIENCE

Springring, Full-Stack Developer – Bahrain, Remote   Nov 2023 – Dec 2024
- As a Full-Stack Developer migrated and unified the student, teacher, and parent interfaces into a single React.js application, significantly enhancing UI performance, maintainability, and debugging efficiency.
- Led the development of a secure, consolidated messaging platform, working closely with stakeholders to ensure smooth collaboration in an agile environment.

VII Tech Solutions, Full-Stack Developer – Bahrain, Remote   Aug 2022 – Nov 2023
- Developed high-performance RESTful APIs in Laravel with JWT authentication, integrating Google Maps and Mapbox for advanced geolocation features.
- Built dynamic, responsive front-end applications using Vue.js, React.js, and React Native, contributing to seamless user experiences and high application scalability.

Tres Logics, Full-Stack Developer – Pakistan, Onsite   Oct 2021 – Sep 2022
- As a Full-Stack Developer, designed and optimized RESTful APIs in Laravel, improving application performance and ensuring secure, efficient data management.
- Developed interactive Q&A systems and dynamic user interfaces using Vue.js, React.js, and React Native, enhancing user interaction and interface flow.

Tabs Group International, Laravel Developer – Pakistan, Onsite   Oct 2020 – Oct 2021
- Developed an automated ride assignment system, solving complex algorithmic challenges and integrating Google Maps API, Twilio, and Guzzle for performance optimization.
- Implemented Role-Based Access Control (RBAC) to ensure secure and efficient user authorization for the system.

Code Brisk, Intern – Pakistan, Onsite   Apr 2019 – Sep 2019
- As an intern, contributed to the development of a sales and deduction tracking system, ensuring data integrity and performance optimization.
- Built a real-time result generation system and a scalable article publishing platform, gaining valuable full-stack development experience across multiple technologies.

EDUCATION

University of Sargodha – Sargodha, Pakistan
Bachelor of Science in Computer Science
Apr 2016 – Aug 2020

Government-Level & Key Projects

- **Bahrain.bh & Calendar.bh:** Developed a cultural event and visa booking platform for the Bahrain government.
- **PDPFRC & FRC:** Optimized communication modules for efficient parent-teacher interaction.
- **SafrCare:** Designed healthcare ride scheduling algorithms based on route optimization.
- **Chillup:** Enabled event creation and vendor discovery with multi-platform authentication.
